This building supplies a long felt need in the community, where the Methodist peo-ple have held services for many years in a School house which afforded neither room nor convenience for worship. The success of the enterprise is due chiefly to Rev. D. R. Cook, a former paster of Bowling Green charge, under whose labors the charge at this point was greatly prospered, and also

by his predecessor. The services of dedication day were of great interest to the people of the commu nity, who had a right to enjoy the fruits of their toils and sacrifices in the noble work. The Trustees reported the cost of the building at \$2,000, on which was some indebted-ness, and asked for \$600 to cover all pres ent indebtedness, and possible future needs. This was presented to the audience and \$618 were given. gloss and freshness of youth. Thin bair is thickened, fallen hair checked. and baldness often, though not always, cured by its use. Nothing can rectore the hair where the follieles are destroyed, or the glands atrophied and decayed; but such as rumain can be saved by this application, and stimu-lated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its cocasional use will prevent the hair from turning grey or falling off, and consequently prevent baldness. The restoration of vitality it gives to the some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy
